

LIFE SLOWLY EBBING AWAY

Both Jack and Ed. Biddle
Are Expected to
Die Soon.

WOMAN WILL LIVE

Men Could Easily Have Got
Away, But Would Not
Desert Mrs. Soffel.

HOW GANG WAS TAKEN

Butler, Pa., Feb. 1.—At 10 o'clock this morning Ed. Biddle was unconscious and his life was slowly ebbing away. His brother Jack was talkative and boastful. Jack may live some days, but Ed's death is looked for within a few hours.

Could Not Desert Woman
Mrs. Soffel will probably recover though her wounds are serious. Jack Biddle stated this morning that all of the three fugitives arranged to commit suicide in case capture was imminent, that they didn't fire at the officers in pursuit but turned the pistols on themselves, knowing they had no chance to get away. He said if the woman had not been with them they could easily have got away, but they could not desert her after she had sacrificed herself for them in helping them to escape jail.

Chloroformed Her Husband
According to the facts disclosed by Warden Soffel, the plot which accomplished the delivery of the Biddle Brothers from jail was even more desperate than was at first supposed. His wife Soffel said, was willing he should be murdered in order to carry out her designs. Before she gave the signal for the murderers' escape she chloroformed her husband, and warden says he is glad his wife has been captured and hopes she will be given punishment.

Intended to Commit Suicide
From a statement made this morning by Jack Biddle it is evident that the escaped murderers and their accomplice had arranged to commit suicide in case capture became imminent. Biddle said they did not fire any shots at the officers but turned the weapons on themselves. He says he shot himself in the mouth. Ed shot himself over the heart and the woman shot herself in the breast.

The Biddles began to sink rapidly this afternoon. Jack is now expected to die first. Inflammation has set in. Ed is in convulsions. Mrs. Soffel has developed pneumonia and her condition is more serious than ever.

Story of the Capture
Pittsburg, Feb. 1.—Edward and John Biddle, murderers condemned to death, who escaped from the Allegheny county jail yesterday, and Mrs. Peter Soffel, wife of the warden, who aided their escape and fled with them were overtaken by pursuing officers in the wilds of Butler county late yesterday afternoon, and after a desperate battle, the two murderers and the woman, riddled with bullets and buckshot were captured.

The fugitives hunted and close pressed, turned at bay in the snow-covered road in the hills two miles east of Prospect, Butler county, near Mount Chestnut. Behind them were eight officers, heavily armed. The jaded horse, stolen during the wild flight through the country, could not pull the sleigh in which the trio had tried to escape any further.

Fugitives Stand at Bay
The murderers calling upon Mrs. Soffel to flee and save herself, stopped the sleigh at the side of the road at a bend. The officers behind were in two sleighs drawn by fresh horses. The woman refusing to desert the man for whom she had abandoned husband and children, stood up beside him in the sleigh as the pursuers rushed towards them. She was armed with two heavy revolvers.

The officers yelled to the fugitives to surrender, knowing they would not and knowing that he battle must be to the death. Every man in the posse was armed with a heavy rifle and revolvers.

Darkness was falling and fearing the murderers or one of them might escape in the dark, there was no time wasted in beginning the battle.

Three Pittsburg detectives, who had been on the trail all day, were in the sleighs. They were John Roach, Albert Swinehart, and Chas. McGovern. Roach opened the battle. The two murderers, standing partly behind the sleigh, sought to sell their lives dearly. The woman, scornful any attempt to shield herself stood on the seat of the vehicle and flung away with her two revolvers.

Desperate Fight in Road
McClure's barn stood near the side of the road. The officers armed with long range weapons, poured in a steady fire as they advanced. Edward Biddle, shot through the lungs, fell in the snow beside the sleigh. John Biddle, his ammunition exhausted, his face and body riddled with buckshot, turned and started toward the barn. Before he reached the fence he fell. The horse, wounded and crazed by the firing started to run away.

Woman Shoots Herself
Mrs. Soffel, seeing her two companions gone, turned her revolver upon herself and fired a bullet into her breast. The woman collapsed and fell from the sleigh in the snow as the horse ran.

Edward Biddle cannot live many hours. John Biddle's wounds are

thought to be fatal, but the woman probably will recover, as a corset stay diverted the bullet from its course, and her wound, while serious, probably is not fatal.

The three prisoners were brought back here and placed in hospitals.

CIGARS ARE COMING FROM THE ISLANDS

Over 2,000,000 Leave the Philippines for the United States—Still More Are Expected.

San Francisco, Cal., Feb. 1.—Private advices from Manila received in this city say that there are over 2,000,000 cigars on the way from the Philippines to this country. It is thought that before the end of February, or by the middle of March at the latest, there will be ten times that number consigned to American tobaccoists from the same quarter of the world. The letter also states that the different factories in the islands are working night and day.

DAMAGES WILL RUN INTO MILLIONS

Many Towns and Cities in the West and South Suffer from the Recent Storm.

Memphis, Tenn., Feb. 1.—The weather of the present week has brought disaster to all the small and many larger towns and villages in Tennessee, Arkansas and Mississippi. It is difficult to estimate the amount of damage. It is known that at Little Rock, Ark., alone the damage amounts to \$500,000, and the footings altogether, it is believed, will run up to several millions.

Business has been at a standstill in many towns. In addition to stocks of goods being ruined, the streets and highways are blocked by broken telegraph and telephone poles and twisted wires. Reports from Paris, Dresden, McKenzie, Jackson, Huntington and Union City state that the storm of sleet and rain has been unprecedented.

Mississippi has suffered severely, the people being wholly unprepared to protect themselves from the unusual conditions now prevailing. In Arkansas the storm played fearful havoc to houses and other property.

TWO HUNDRED ARE FROZEN TO DEATH

Japanese Soldiers Meet a Terrible Fate on the Island of Hondo—Meet a Blizzard.

Yokohama, Feb. 1.—Details of the loss of about 200 Japanese soldiers who were frozen to death have been received here.

It seems that a command of 210 men practicing winter marching, were caught in a blizzard on the northern end of the island of Hondo and lost their road.

The snow in the mountain passes was twenty feet deep. In their efforts to warm themselves, the detachment burned their haversacks and rifle butts, but many of them were frozen to death.

The seventy-one survivors then camped in small parties endeavoring to reach the villages. Only one corporal, however, succeeded in escaping from the mountains and he was picked up by a relief party. It is feared that all the other members of the expedition are dead.

ANNUAL REPORT OF PYTHIAN LODGE

Gain in Membership is Noted in the State—Financial Condition is Excellent.

Milwaukee, Feb. 1.—The annual reports of the condition of the grand lodge and the general order in Wisconsin of the Knights of Pythias for the past year and up to January 1, 1902, were completed today by Grand Keeper of Records and Seal S. Burns, and were by him forwarded to the supreme lodge headquarters at Nashville, Tenn. These reports are most satisfactory and show better conditions in membership, increase, assets, receipts, etc., for 1901, than during any one of the four preceding years in Wisconsin.

The total membership of the order in Wisconsin, Jan. 1, 1901, was 8,420. The increases were: Initiations, 746; reinstatements, 99; admitted by card, 129; a total increase, during 1901, of 974, making the total membership 9,394. The deductions for the year were: total, 316; leaving a net gain of 158, or a total in good standing on Jan. 1, 1902, of 5,778. Three new lodges were instituted during the past year, making the total, Jan. 1, 1902, 116. There were no suspensions of lodges last year.

The cash on hand Jan. 1, 1901, was \$18,525.12; receipts during last year, \$53,869.16, making a total of \$72,394.28. The disbursements were: For relief of members, \$7,407.90; current expenses, \$39,649.86; supplies, paraphernalia, etc., \$2,635.88; invested in securities, \$2,296; cash on hand Dec. 31, 1901, \$20,402.64. The assets of the order in this state are: Cash, \$20,402.64; investments, \$29,958.23; real estate, \$1,749.98; paraphernalia, furniture, etc., \$75,668.13; making the total in assets at the present time, \$130,778.98.

WAR TAX BILL SURE TO PASS

It Will Be Promptly Railroaded Through House Next Week.

TARIFF IN SENATE

Governor Taft Talks of Philippine Matters to a U. S. Senate Committee.

CONGRESS NEXT WEEK

Washington, Feb. 1.—The program for the next week includes the consideration of the Grout oleomargarine bill, legislative appropriation bill, Indian appropriation bill and the bill for the abolition of the war tax. The last named will probably be railroaded through. The backers of the oleomargarine claim that they have more than enough votes to pass it.

Most of the time in the senate will be taken up in the consideration of the Philippines tariff bill and delivering speeches on the Philippine situation.

Shaw Takes the Oath

Washington, Feb. 1.—The portfolio of the treasury department changed hands this morning. Leslie M. Shaw of Iowa succeeding Lyman J. Gage. Shaw was sworn in by Justice Shiras of the supreme court. Nearly all of the members of congress from Iowa and a throng of bureau chiefs witnessed the ceremony. As soon as Shaw had signed his name to the obligation Gage advanced and said: "Let me congratulate you, and I wish you every success."

Plague in the Philippines

Washington, Feb. 1.—According to a report of the commissioner of public health in the Philippines the number of plague cases since December 1899 has been 778, resulting in 618 deaths. The report says that great attention has been paid to the destruction of rats which it is believed are the prime cause for the spread of the disease.

SENATORS LISTEN TO TAFT

Discourses on Conditions in the Provinces and Says They Are Peaceful

Washington, Feb. 1.—Investigation into the conditions in the Philippine archipelago, apropos of the effort to secure legislation for the government of those islands was begun by the senate committee on the Philippines Friday. W. H. Taft, civil governor of the archipelago, was the first witness. Senator Lodge, chairman, explained that not only the fullest information concerning the islands but any advice that Governor Taft might offer was desired.

Governor Taft began by saying that he had visited almost all the provinces during the past year. He said that in all the Filipino or Christian provinces there was a form of civil government. There are thirty-four of these provinces. The Moros are all friendly, except a few who had never been otherwise than hostile to the Spaniards. Even these were now being brought over by the prospect of trade, of which they are very fond.

He said that no effort had been made to extend the civil government of the United States to the Moro provinces beyond the making of a few suggestions, bearing upon revenue laws.

Asked if the Moros were generally peaceful, he said they were except in individual instances.

"There is no war," he said, "nor even insurrection, in the Moro provinces, but there are occasional reports of the murder of American soldiers."

CAPT. T. C. WITHROW UP FOR PERJURY

Charged with Swearing False in an Application for a Federal Pension.

Madison, Wis., Feb. 1.—(Special) —For trying to secure a pension for the loss of a toe which he made affidavit was shot off in the battle of Martinsburg, but which other witnesses swore was cut off in a sawmill at Albany, Ill., when a lad, Capt. Thos. C. Withrow, an old Mississippi river steamboat captain was arrested at La Crosse yesterday and brought here to answer before Judge Bunn, having been indicted by the federal grand jury for perjury. Capt. Withrow sticks to his story despite the evidence against him and will fight the case.

MORE TAXES THIS YEAR THAN LAST

Annual Report of the Chicago & Northwestern Road to Railroad Commissioner Rice.

Madison, Wis., Feb. 1.—(Special) —The Chicago & Northwestern railroad company made its report to the railroad commissioner, Rice, today and the figures show that it will pay \$24,862.98 more taxes this year than last. The total tax four per cent. of the gross earnings amounts to \$534,865. The gross earnings in the state were \$14,121,625, an increase of \$621,574.51 over the previous year.

OPPOSE DEMAND OF THE MINERS

Operators Object to the Requests Made by the Workmen.

WANT MORE WAGES

Ask for Run of Mine System and Uniform Scale for Outside Labor.

CONTROL OF POWDER

Indianapolis, Feb. 1.—The miners took the initiative in the joint conference Friday afternoon and after it was called to order, made public the following demands:

1—That there be a general advance of 10 per cent in present prices.

2—That an absolute run of mine system be adopted for all mines in competitive fields.

3—That there be a uniform scale for all outside day labor and eight hours to constitute a day's work.

4—That there be a straight differential of seven cents a ton between pick and machine mining.

5—That all drivers' wages be advanced to \$2.25 a day and 10 per cent added.

6—That no clause be inserted in any contract or joint agreement requiring the employees to purchase powder from employer.

7—That the check system be adopted and agreed to by all competitive districts.

A long debate followed, developing the fact that the operators do not intend to yield to the miners' demands. One of the most bitterly contested conventions on record is predicted by both operators and miners.

Hazleton Operators to Resist.

Hazleton, Pa., Feb. 1.—Since the announcement of the miners' union that 10 per cent advance would be asked operators of the anthracite region have been preparing to resist. While a strike is not expected, the companies are putting their plants in shape to stand a siege if need be.

POSITIONS HAVE ALL BEEN MARKED

Vicksburg Battle Commission Makes a Report to the Governor of Wisconsin.

Madison, Wis., Feb. 1.—The report of the Vicksburg battlefield commission, appointed by the governor under act of the last legislature, has been submitted to Governor La Follette. The duty of the commission was to ascertain and exactly determine the positions of the Wisconsin troops in the Vicksburg campaign. The commission left Chicago for Vicksburg, Nov. 19, and organized on the train by electing ex-Senator W. F. Vilas chairman and ex-State Senator P. J. Clawson secretary. Of the work done at Vicksburg the report says in part:

"The inevitable changes which had occurred in the course of nearly forty years, rendered it difficult to ascertain and exactly determine the positions occupied by some of the corps, but these were in most cases satisfactorily fixed beyond question."

The commission was also directed "to recommend to the governor such subsequent legislation as will permanently mark the positions thus ascertained, and worthily commemorate the valor and services of Wisconsin soldiers in the campaign and siege of Vicksburg." In following this instruction the report gives a graphic description of the fall of that stronghold.

THE ITINERARY OF PRINCE HENRY

He Will Be in the City of Milwaukee Exactly Six Hours on Tuesday, March 4.

Milwaukee, Feb. 1.—It was officially announced this afternoon that Prince Henry of Prussia, will be in Milwaukee exactly six hours, Tuesday March 4. The itinerary, as issued, states that the Prince will leave Chicago for Milwaukee over the C. M. & St. P. R. R. at 2 o'clock. In the afternoon of March 4, arriving in Milwaukee at 4:10 o'clock. The special train on which the prince will travel will be placed on the side track at the union station. At ten o'clock on the same evening the prince will leave for Buffalo, N. Y., arriving in Chicago at 12:01 a. m. Wednesday, March 5. He will remain in Chicago thirty minutes. The plans for the entertainment of the prince in Milwaukee are still incomplete, but it is believed that he will be given a carriage ride in the business and residence districts, after which he will be taken to the Hotel Pfister.

Dover, Eng., Feb. 1.—The tremendous gale which swept over the English channel yesterday continues today. The mailboat Henrietta has been drifting about there hannel twenty hours. No assistance has been able to reach her. She has many passengers aboard.

TRADE KEEPS UP A GOOD PACE

Despite Labor Disputes and Other Influences, Business is Good—Weather a Factor.

New York, Feb. 1.—Dun's weekly Review of Trade today says: Despite some drawbacks, the business situation continues satisfactory, with especially good news from manufacturing centers. Labor disputes are somewhat numerous, and low water stopped mills in ports of the Northwest. Special lines were stimulated by seasonable weather but the same influence affected others more adversely. Transporting interests were just resuming normal conditions after the worst congestion ever experienced, when the heavy snow fall at many points caused further blockades. Nevertheless railway earnings thus far reported for January show gains of 10.1 per cent. over last year's and 20.5 per cent over 1900.

Commercial operations continue of large volume. Notwithstanding the decrease of 50 per cent in sales of stocks, there was a gain of 2.3 per cent in bank exchanges at New York over last year's figures, and 1.4 per cent as compared with 1899.

GIVES WARNING TO FEDERAL EMPLOYEES

President Issues an Order Against Attempts to Compel Increases in Their Pay.

Washington, D. C., Feb. 1.—President Roosevelt today issued an order forbidding government employees to seek from Congress an increase of their pay. As usual with Mr. Roosevelt, when ready to act he moved with great positiveness and energy. He not only forbids all employees of the government to seek to influence congress, but promises instant dismissal of all who violate his rule.

Before the adjournment of the regular cabinet meeting today the president issued the following order:

"All officers and employees of the United States of every description serving in or under any of the executive departments, and whether so serving in or out of Washington, are hereby forbidden either directly or indirectly, individually or through associations, to solicit an increase of pay or to influence or attempt to influence in their own interests any legislation whatever, either before congress or its committees, or in any way save through the heads of the departments in or under which they serve, on punishment of dismissal from the government service."

The foregoing order hits various postoffice employees who have been asking congress for an increase of their pay, and also the men in the revenue cutter service, the pharmacists in the marine hospital service and other classes of government employees who have been trying to induce congress to raise their salaries.

THE SOUTH GREET ADMIRAL SCHLEY

All Nashville Turned Loose Last Night to Welcome the Hero of Santiago.

Nashville, Tenn., Feb. 1.—All Nashville turned loose last night in a tremendous reception of noise in honor of Rear Admiral Schley. As the signal in the first shot of the Rear Admiral's salute, and as the train wound into the terminal station at 9 o'clock every whistle, bell, and siren in commission in the city burst into sound of greeting.

Nashville had been expected to have Schley patriotism to burn, and if the demonstration tonight is an index of the movements of the next three days the rear admiral may expect to be in need of the rest day that is to be his between Nashville and Chattanooga on Tuesday.

This morning at 9:30 o'clock Admiral Schley looked out upon a great military and civic parade, which marched to the state capital and there disbanded. At the capital address of welcome were delivered by Governor Benton McMillin and others and the Admiral was escorted back to his hotel for luncheon, and in the afternoon receptions will be held at Flisk and Vanderbilt universities. In the evening a Knights Templar banquet will be given at the Duncan House, while at the Maxwell House patriotic societies will give a reception to Mrs. Schley.

ADDRESS BISHOPS IN ENGLISH WAY

Fond du Lac, Wis., Feb. 1.—The Right Revs. C. C. Grafton, bishop of the Protestant Episcopal diocese of Fond du Lac, and R. H. Weller, coadjutor, are being addressed by the clergymen over whom they exercise authority as "My Lord." Yesterday, at Menasha, there was a convocation of clergymen of the Fond du Lac archdiocese, as it is called. Bishop Weller was present, and by several of the ministers in attendance was repeatedly addressed as "My Lord."

Among those who addressed the bishop in this manner, it is said, was the Rev. B. Talbot Rogers, archdeacon of the Fond du Lac diocese. It is said the practice of addressing both Bishop Grafton and Bishop Weller as "My Lord" is not uncommon among the clergymen who frequent the See city.

Though it cannot be learned that the two bishops urge their clergy to address them with the English title they have not made public any disapprobation of being so addressed.

IS GOOD SCHOOL FOR PATRIOTISM

La Follette Addresses National Guard Convention at Milwaukee.

RESPECT FOR LAW

Governor Praises the State Militia and the Work Done by Them.

OFFICERS ELECTED

Milwaukee, Wis., Feb. 1.—Governor La Follette made glad the hearts of the guardsmen of the state by putting in an appearance at the national guard convention yesterday afternoon. The governor was expected in the morning but was unable to make the early train, and telephoned that he would arrive at four o'clock.

When the governor arrived at the Broadway armory where the convention is held, General Boardman introduced him to the members. He made a short address complimenting the guardsmen on the work they had done and praising the guard as a school for inculcating a respect for law and order both among the guardsmen and those outside of the organization. In conclusion Governor La Follette said the state was proud of its national guard.

Regaining His Health

This is the first appearance of the governor in Milwaukee since his illness of last summer. He is apparently regaining his health steadily and surely. He said that he was feeling extremely well, and his looks bore the statement. The governor will remain in Milwaukee until tonight, and is expected to consult with the administration leaders in the city in regard to the coming campaign.

The nineteenth annual convention of the Wisconsin National Guard association closed yesterday afternoon with the re-election of all officers and the selection of Milwaukee as the place of the next meeting. The feature of the day was an address by Captain Harry W. Newton, one of the four officers chosen by General Funston to accompany him in the trip which resulted in the capture of Aguinaldo. The story of the capture was modestly told.

Captain Newton is home on sick leave. He lives at West Superior, Wisconsin, and was formerly captain of Co. I, of the Third Wisconsin National guards. While in the Philippines he was regimental adjutant, Thirty-Fourth United States regulars, and will leave shortly for Honolulu, where he will serve as first lieutenant in the artillery corps.

The Officers Elected

Adjutant General Boardman presided. The rooms of the Light Horse squadron, in which the convention was held, were decorated with flags and ensigns.

The following officers were elected: President, Colonel C. R. Boardman; secretary, Colonel W. H. Patton; treasurer, Lieutenant Colonel George H. Joachim.

A paper prepared by Captain Edward Chynoweth of the Seventh United States Infantry, was read by President Boardman. The paper dealt with "The Field Exercises of the Wisconsin National Guard." Captain Robert B. McCoy of Sparta spoke on "The Compulsory System of Gallery Practice."

SUMMER SCHOOL TO HAVE NEW HOME

Catholic Managers Plan to Abolish the Present System—Will Go to St. Paul Next.

Madison, Wis., Feb. 1.—At a meeting of the board of directors of the Columbian Catholic Summer school at the Palmer house in Chicago last night it was decided to hold the next session of the school in St. Paul. Duquesne tried to secure the school, but was outbid by St. Paul, which latter has promised to furnish a large attendance and has offered other inducements that the board of directors thought it could not afford to reject. The board appointed a special committee to recommend some permanent location for the school. This committee consists of the Rev. J. M. Naughtin of Madison, H. J. Desmond of Milwaukee and J. C. Hartigan of Minneapolis. It is understood that the board is dissatisfied with the present plan, followed the past three years, and is disposed to bring the school back to Madison and to keep it there.

The past two seasons held at Detroit have not been as successful as desired. The plan of the board, it is understood, is to lease or purchase a tract of land on one of the Madison lakes or some other body of water in the Northwest as a permanent home of the school. This would enable the school to assume some of the Chautauqua features of the Monona Lake assembly and other similar organizations.

Will Provide a Sensation

St. Louis, Feb. 1.—The final report of the grand jury will be made tonight and it promises to provide a sensation. Several bench warrants charging bribery and perjury will be issued this afternoon. It is reported this morning that several bank clerks have been subpoenaed and it was hinted that the jury had secured trace of another hoodlum fund.

TOBACCO DEALERS FIGHT LOW TARIFF

REPRESENTATIVES MEET WAYS AND MEANS COMMITTEE.

Protest Against the Reduction of the Cuban Tariff—Statistics Presented Showing Tobacco Acreage in the United States Affected by the Proposed Reduction.

The Ways and Means committee of the House, on Tuesday, the 21st inst., gave a hearing to the largest and most thoroughly representative delegation of tobacco men who have ever appeared before the committee. These gentlemen came to present the united protest of all branches of the trade against the proposed reductions in the Dingley rates on Cuban tobacco. Importers, packers, dealers, cigar manufacturers and growers were represented by delegates chosen by the leading organizations in different parts of the country and the views of all were presented in carefully prepared statements followed by such cross-examination as members of the committee were disposed to enter upon. Among other things their report said:

Statement is Not True.
"It has been stated that even with a reduction of duty on imported cigars we could not bring here any goods which would seriously compete with the American manufacturer. This is absolutely untrue, for it is a well known fact that with a duty of \$2.25 per pound and 12 1/2 per cent, ad valorem, the rates which the Cubans are asking for, or even with a reduction of 25 per cent on the duties, the Cuban manufacturer could lay down a cigar here, duty paid, for less than the American manufacturer receives for his high grade goods, and with the added advantage that the Cubans have of having their goods advertised to the world by a peculiar stamp as imported goods, would secure the entire American market, for all goods above 5 cent cigars. If congress desires to reduce the American cigar manufacturer to the level of the European cigar manufacturer, then the method is at hand to secure such a result.

Would Affect Many States.
"In support of this objection we wish to state that the value of our domestic tobaccos are to a great extent based on our protective tariff, and the proposed changes would certainly affect the value of the tobacco in Ohio, Pennsylvania, Wisconsin, Connecticut, Massachusetts, New York state, Florida and Georgia, where large communities of citizens are engaged in raising tobacco for cigar purposes and where generally the only crop recognized as a money producer is tobacco. In these states tobacco crops are the most profitable products.

Acres of Tobacco Raised.
Below is a list of the number of acres of tobacco grown in the principal tobacco producing states of the union:

State	Acres
Ohio	35,000
Wisconsin	25,000
Pennsylvania	20,000
New York	15,000
Connecticut	10,000
Massachusetts	8,000
New Hampshire	5,000
Vermont	3,000
Florida, Georgia and Texas	2,600
Total	118,402

From this tremendous acreage and its consequent production one can easily estimate the many thousands of American agriculturists whose means of livelihood would be injured by the introduction of tobacco from Cuba.

Average Duty Collected.
"The average duty collected by the government on leaf tobacco imported into this country from Cuba averaged 37c per pound. The average duty collected by the government on Cuban made cigars, weighing 10 or 12 pounds respectively, including the ad valorem duty, is almost \$4.75 per pound, or, in other words, the duty on the manufactured product has been almost 12 1/2 times that of the raw material—or in other words, a horizontal reduction of duty would absolutely mean a positive, palpable discrimination of 12 1/2 times greater reduction against the cigar manufacturer. To make a just, equal reduction for every 12 1/2 per cent. reduction on the raw material a 1 per cent. reduction only should be made in the manufactured product to maintain the parity and equities of any reduction.

Unfair to Our Growers.
"Cuba has a duty at the present time of 35 per pound on tobacco, thus making importations of our home product practically prohibitive. We

claim that it is manifestly unfair to us and to our growers that concessions should be made to Cuban-grown tobacco without having our domestic product enjoy the same privilege of entering Cuba at the same rate of tariff at which Cuba tobacco may enter the United States. A vastly inequitable proposition.

Cost of a Cigar.
"The present duty on cigars imported from Cuba is \$4.50 per pound, 25 per cent. ad valorem. Take an average cigar sold in the city of Havana for \$20 per thousand, which will weigh about twelve pounds, and it will cost as follows to land in the ports of America, viz.:

The clear cost in Havana	\$30.00
Duty on same	\$4.50
Ad valorem	1.25
Freight and expenses, about	2.00
Total cost	\$37.75

A cigar weighing ten pounds, made in Havana, costing \$22, would cost to land in American ports:

Cigar cost	\$22.00
Duty on same	\$5.50
Ad valorem	3.50
Expenses	2.00
Total	\$33.00

thus plainly evidencing that the American cigar industry at these rates is only enjoying that absolutely necessary protection which is enabled it to exist and keep its market for 10c cigars.

Conditions are Different.
The price which the Cuban farmer receives for filler tobacco is from 12 to 15 cents per pound. The price which the farmer of our own country receives for filler tobacco is from 6 to 8 cents per pound. The thrifty American farmer prospers—that is, he makes a profit on his tobacco at this price. Why should the Cuban suffer from want when he gets at least 60 per cent. more for his product? The price of land in the tobacco growing districts of Cuba is less than in the tobacco districts of the United States. The price of labor is less than here. The climatic conditions there are more favorable to the cultivation of tobacco. The soil is more fertile.

"If the Cuban tobacco farmer is not prosperous today it is because he is improvident and ignorant; because his methods of cultivation and fertilization are primitive. His soil is still cultivated with the antiquated wooden plowshare used for generations by his forefathers in Spain. Even when tobacco sold at the highest prices the Cuban tobacco farmer accumulated nothing. Pay him more for his product and he still will accumulate nothing.

Premium On Improvidence.
"To reduce the duty 50 per cent. is to put a premium on his improvidence and ignorance. A reduction in the duty would result in an increased consumption of Cuban tobacco and an increased importation of Cuban cigars. This must necessarily be at the expense of the American farmer and of the American manufacturer, for there must in that case be a decreased consumption of our product in this country.

BEAVERS RESERVE FUND FRATERNITY

New Social and Insurance Organization Formed in This City Last Evening.

The new social and insurance organization called the Beavers' Reserve Fund Fraternity instituted a colony in this city last evening. The new orders home is at Stoughton where the central colony is located. The company's license and articles of incorporation were issued on Jan. 20th. The officers of the Central colony were present to conduct the initiatory work and were Supreme Commander J. S. Hutson; P. I. Hale, supreme vice commander; G. N. Campbell, supreme past commander; A. W. Paterson, supreme monitor, and J. M. Bailey, all of Stoughton. The colony has secured 302 applications and at the session yesterday 180 certificates were issued. The meeting was a large and enthusiastic one and the members start out with every prospect for a successful future. After the colony had been instituted a set of officers were elected as follows:

Worthy Commander—J. H. Gillis.
Vice Commander—J. P. Dennett.
Monitor—F. C. Hutson.
Secretary—W. D. L. Utter.
Treasurer—F. G. Gifford.
Worthy Past Commander—H. A. Laymonde.

Trustees—Dr. Edden, 1 year; George Goocher, 2 years; Fred Kothman, 3 years.
After the election the members spent an hour or more in learning the benefits of the order, and adjourned to meet again on Tuesday evening at Royal Arcanum hall, S. Main street.

HANOVER.
Hanover, Jan. 31—H. B. Child is congratulating himself on his narrow escape from fire. On Sunday evening Mr. Child was lighting a lamp in the sitting room the head of the match broke off, and flying across the room, ignited the fringe on the couch. It burned like tinder. Mr. Child, with the assistance of his wife, finally succeeded in getting the couch out of doors, but not until after considerable damage had been done.
Miss Clara Gundel returned home from Janesville Friday evening.
Miss Emma Hartwig, who has been visiting friends in Orfordville the past week, returned home Monday.
Rev. Volgt of Oconomowoc, Wis., visited friends here over Sunday.
P. A. Luckfield of Rawlins, Wyo., is a visitor at the parental home.
Edwin Berges, son of Wm. Berges, is confined to the house with an attack of quinsy.

NEWS AND GOSSIP FROM THE LINE CITY

Boys Find an Empty Coffin Floating in the River—Steel for New Bridge Arrives

Beloit Wis., Feb. 1.—Boys who have a sort of a club house near Rock river line, a short distance over the Illinois line Thursday evening discovered an object floating down the river which after it had been secured proved to be a coffin, constructed of imitation cherry wood, about five feet long and with all the trimmings intact.

The lads were almost scared out of their wits at their find and hastily summoned older persons living in the vicinity, who in turn notified the Beloit police.

On examination the box was found to be empty and looked perfectly new. Where it came from or how it got to the river is a complete mystery. The local undertakers know nothing about it. It was undoubtedly put in the river at a point below the dam in this city, for above the dam the ice is fifteen inches thick.

Thomas Branigan has had a great disappointment in the re-opening of his new hotel, because of the failure of the steam heating arrangement of his house to work satisfactorily. For this reason Mr. Branigan has refused to pay the full claim of the party who put it in, and as a result the matter is liable to be taken to the courts. Mr. Branigan is able to heat the upper floors but cannot make the lower part of the house comfortably warm and has had to resort to stoves. The opening of the house for business has been greatly delayed.

Just a few days ago the steel for the new bridge at the head of Broad street was delivered on the ground. Thursday it was ready for the planks. Residents in the neighborhood are commenting on it as a remarkably fast piece of work. It will only be a matter of a short time now until the structure is completed, and it will be very gratifying news to the city when it is for the lack of a bridge over the Turtle at this point has caused the city no little trouble.

Dr. David Beaton of Chicago closed his week's connection with Beloit college as college minister with a short talk at the time of chapel service on the subject of "Personality." Dr. Beaton's remarks were to the point and his soberer statements were spiced with numerous humorous anecdotes and stories which kept the students in a good humor, and listening eagerly for every word.

SERVICES OF THE SALVATION ARMY

Very Unique Illustrated Production Entitled "The Devil's Xmas Tree" Will Be Given Tonight.

A very unique illustrated service entitled, "The Devil's Xmas Tree" will be given tonight at the Salvation Army Hall on North Main street. The local corps have been able to secure much more commodious quarters in the building recently leased by them situated on the North Main street, just opposite the C. M. & St. P. R. freight depot and it is in connection with the opening of the new hall that this special meeting has been arranged. It is hoped by the officers in charge that the income resulting from the affair will be sufficient to pay the opening expenses. These necessarily have been quite heavy as the building needed considerable repair and also had to be piped for gas.

Everyone who buys a ticket, or otherwise contributes to the liquidation of this debt will certainly feel themselves well repaid by listening to the exposition of his Satanic majesty, the devil's methods of inveigling human souls into his service.

Saturday and Sunday, Feb. 15 and 16th, Adj. Joseph Faulkner of Minneapolis will be in the city in the interest in the children's work. He is known as the Junior Soldier Staff Secretary. He will, however, be able to win his way into the hearts of the older ones as well for he is a good speaker and is possessed of no inconsiderable musical ability. A special Junior program service entitled "The Auction Sale of Ten Children" will be given on Saturday night and a swearing in of recruits will take place on the Sunday night of his visit.

Wednesday and Thursday, March 5th and 6th, will be red letter days in Salvation Army circles. Lt. Col. Margetta of Minneapolis, our Provincial officer, and Major Glen of Milwaukee, the Divisional officer, will be in the city. Three public meetings and one session of council are on the program.

Difficult Digestion

That is dyspepsia.
It makes life miserable.
Its sufferers eat not because they want to—but simply because they must.

They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, a feeling of puffy fullness, headache, heartburn and what not.

Hood's Sarsaparilla cured Joseph F. Laine, Flanagan, Ky., who writes: "I was troubled with dyspepsia for a number of years and took medicine that did me no good. I was advised by friends to try Hood's Sarsaparilla which I did and it put my bowels in perfect condition, gave me strength and energy and made me feel like a new person."

Hood's Sarsaparilla
Promises to cure and keeps the promise. Beware of substitutes. Buy Hood's and only Hood's.

The officers in charge of Oshkosh, Ill. wauke, Racine, Rockford, Belvidere and Beloit and Capt. and Mrs. Taylor and Lt. Mattie Bell of this city, will assist in making things entertaining. Special announcements of the meetings will be made later.

GROWERS TAKE NOTICE
We, the undersigned, will be ready to take contracts for cucumbers, cabbage, corn, etc., at the company's office at factory, or at Walter Helms' Seed Store any time after February 1st, 1902.

Smith's Pharmacy.

"I hobbled into Mr. Blackmon's drug store one evening," says Wesley Nelson of Hamilton, Ga., "and he asked me to try Chamberlain's Pain Balm for rheumatism with which I had suffered for a long time. I told him I had no faith in any medicine as they all failed. He said: 'Well, if Chamberlain's Pain Balm does not help you, you need not pay for it.' I took a bottle of it home and used it according to the directions and in one week I was cured, and have not since been troubled with rheumatism." Sold by People's Drug Store and King's Pharmacy.

Surprise to Miss Lizzie Moore.
A very jolly surprise was tendered to Miss Lizzie Moore at the home of John Heffernan, S. Main street on Wednesday evening. The occasion was Miss Moore's birthday. The evening was spent and the prizes were awarded to Miss Lizzie Moore and James O'Rourke, first; Miss Maggie Moore and James McKeown, second. During the evening the guests presented Miss Moore with a beautiful ring as a token of their esteem.

People's Drug Store and King's Pharmacy will refund you your money if you are not satisfied after using Chamberlain's Stomach and Liver Tablets. They cure disorders of the stomach, biliousness, constipation and headache. Price, 25 cents. Samples free. People's Drug Store, and King's Pharmacy.

A FITTING TRIBUTE

A Citizen of Janesville Pays a Well Earned Tribute.

The following public statement of a respected citizen, adds one more emphatic endorsement of merit to the scores that have appeared before:

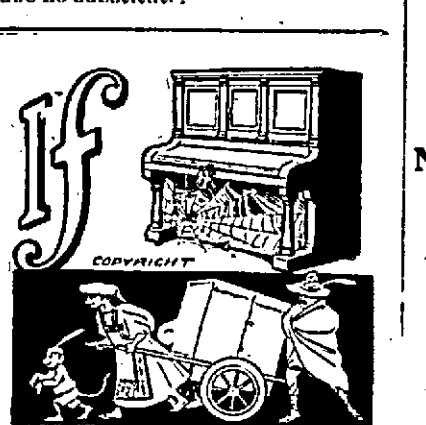

Mr. E. Dillenbeck, of 128 Milton Ave. retired farmer, says: "My wife was troubled with kidney complaint for four or five years, and complained of pains in the small of the back in the region of the kidneys. The symptoms all indicated that the kidneys were deranged, and the doctors who treated her said that those organs caused the trouble. As she did not get any better we thought Doan's Kidney Pills might give her relief, and procuring them at the Peoples drug store, I had her use the remedy. It did for her all that could be expected. We can recommend Doan's Kidney Pills and you can use our names as saying what has been stated above."

For sale by all dealers. Foster-Milburn Co., Buff. 10, N. Y., sole agents for Y. sole agents for U. S. Also on sale at King's Pharmacy.

THE LAW OF LOVE.

"I tell you, Jack, she's a beauty." The old engineer, with hand on the lever, had just brought the long train to a stop after making the last ten miles in as many minutes, and his admiration for the engine found expression to the fireman, as he climbed down with oiler in hand to go over the machine.

The old man had been drawing the Pioneer Limited over a stretch of track that tested the mettle of the iron steel. He was familiar with every foot of rail, and years of continuous service gave him knowledge of the curves and grades, and while he had occupied the cabs of some of the best engines in the company's service, he had never become thoroughly attached to an individual engine until he came to know the staying qualities of No. 710.

As Jack climbed back into the cab, he took up the conversation, and said: "Yes; she ain't much of a looker, Joe, but when it comes to getting there, she's all right." And then the signal to go was answered by the bell, and No. 710 was off for a four mile climb, with twenty miles of dead level, and thirty minutes to make the time.

While Jack shoveled coal, Joe nudged her, up the hill, and as they reached the summit with ten minutes gone, he said:

"Now, my girl, show us what you can do," and a sixty mile pace was soon spinning off the distance.

They were at the end of division of time, and as the old man pulled up his blouse, he said: "I love that old engine, for she never disappoints me."

The endorsement may seem a little strong, and yet it is true to life, because, back of it is the great principle of obedience. The old engineer was in love with his inanimate engine, because of close association and intimate knowledge of all the good qualities possessed by a perfect piece of mechanism. She responded with prompt obedience to every demand, and he never had any misgivings. The engine was reliable, and the engineer possessed the same qualities. The human machine and the iron steel worked together, accomplishing a mission that would have been impossible without united effort. The machine was built to obey, and like all perfect machines, it never refused. It enjoyed the confidence and finally won the admiration of the old man at the throttle, because of reliability.

The law of love that causes a man to speak of an inanimate thing as he would of a friend, extends through all the realm of creation, and increases in intensity, as it centers on intelligence, but back of it all is the spirit of sacrifice and obedience.

The dog that looks into your face with eyes that are almost human, appeals to affection in proportion to his willingness to obey promptly, and the obedience of the class that never questions authority or unreasonable demands. The horse that comes in from a long, hard drive, is rewarded by a word of appreciation, because the task has been cheerfully and willingly performed.

The brute creation frequently enlists human love and sympathy, and the pets of the house and barn, are members of the family.

In the domain of higher intelligence, the same laws govern. The children in the home are all entitled to the same degree of loving care and affection. This is accorded in all well regulated homes, but after childhood is past, and the boys and girls begin to think and act for themselves, the degree of love is largely regulated by the willingness to obey. If waywardness develops and is the ruling spirit, it becomes a source of constant anxiety and solicitude, not evidenced where willingness to prompt obedience controls.

The young wife, standing at the altar has pledged her faith to love, cherish and obey, three simple requirements from the standpoint of experience, and she goes out into life with the man that she thought she knew, to find, not infrequently that her knowledge was of the most superficial sort.

The surprise is mutual, for people never know each other until they summer, and winter together. The journey is commenced and if it is to be smooth and pleasant the law of love and sacrifice must be observed, and carefully cultivated. The promises exchanged at the altar that seemed so meaningless, and so easy of fulfillment, will be blighted and broken, unless in the development of acquaintance, the same spirit of reliability and willingness to obey, is discovered, that the old engineer found in No. 710.

There is no law that governs successfully in the home, except the unwritten law of love. The wife may obey the husband through fear, and occasionally the husband obeys for the same reason, but where these conditions

prevail, the wife soon becomes a slave, and the husband a hen-pecked mortal. The old book says that "Perfect love casteth out fear," and it applies to the home in the broadest sense. Study the conditions of any happy home, and it is soon apparent that fear is not a part of the creed. The teacher who governs her school the best, is the teacher who possesses adaptability, and has a heart full of love for her work, and for the child life about her. She commands cheerful obedience, in proportion to ability to win confidence and love.

This rule applies to every department of work, where authority is exercised. The foreman, the superintendent, or any man who directs labor, accomplishes the best results, where loyalty is won, and cheerful obedience tendered. The man in official life retains popularity and gains confidence, as he observes the wishes of his constituency.

In the higher realm, where unseen forces control and govern, obedience is recognized as the law of love. Fear does not enter into the conditions, and every soul chooses for itself, if it wills to obey. The law is immutable, but the love that establishes it is Divine.

The candidacy of Mr. Yule of Kenosha, for Congressman Cooper's place in the house will not be considered seriously. Mr. Cooper has made some enemies in Racine through post office appointments, but he should be returned to congress. If Racine refuses to support him, Kenosha can hardly expect to name his successor.

Have you been vaccinated? If not, you can't travel in Michigan. Physicians held up a train at Bay City the other day and fired virus into every passenger. A smallpox traveler was among the number, which led to the unusual method adopted.

Referring the Panama canal route to the president, to be accepted under certain conditions, is a wise way to settle difference of opinion existing in congress on the question.

The chances are that the war taxes will all be removed. The treasury no longer needs the money.

PRESS COMMENT.

The past week has witnessed a great change in state political affairs, and the sentiment developed in favor of nominating Senator John M. Whitehead of Janesville for governor on the republican ticket has grown to such proportions that it seems assured that he will be the chosen leader of those who will oppose the renomination of Governor La Follette. Senator Whitehead is one of the brightest men in the state, he is a young man, vigorous, physically and mentally, and in statecraft has developed desirable qualities of growth. It looks very much as if he would make things lively between now and convention time. That he will carry off the next state republican nomination is not a bad guess in our opinion.—Waukesha Freeman.

Eau Claire Leader: Senator Whitehead's county has elected him twice to the senate. It looks as if it could be relied on to give him an enthusiastic support should he decide to become a candidate for governor. Of course there will be some who see it to differ with the worthy senator in political matters, but this is always looked for. It would never do to have us all thinking the same way.

The legislature enacts laws for the protection of the game, and a state game warden is appointed to see that the laws mean something more than a certain quantity of ink spread over a certain space in the statutes. This is a case where politics cuts no ice. What the sportsman expects of the game warden is business, and so far in this locality at least, they haven't seen a trace of it.—Horicon Reporter.

Ossau Herald: There can be no compromise of the trouble inside the republican party. It must be fought out at the next republican state convention, and when that is over we shall know whether Gov. La Follette is to be the candidate for governor, or John C. Spooner to succeed himself in the United States senate. Both these things the people cannot have, but they can take their choice.

Racine Journal: If Senator Whitehead could have his bill passed making the school tax \$830,000, instead of \$1,600,000, the state taxes would have been less in this part of the state. The purely political feature of the governor's administration is responsible for a good deal.

Hudson Star-Times: La Folletteism is a frenzy and cannot long endure. Staid old Wisconsin will not be perpetually annoyed with a tempest in a teapot. The people want good, safe, progressive government, free from pyrotechnic effects.

Tomah Herald: The La Crosse Chronicle has just discovered—since the people are allowing Senator Whitehead to allow them to run him for governor—that he is a bold, bad man, a church member, and don't drink whiskey.

Baraboo News: Harmony with Robert M. La Follette means to do as La Follette says and for his glory. The idea would be all right if he were the only fellow interested.

Milwaukee Sentinel: When they walk abroad for exercise the ladies of Virginia, take a pistol and the rural population, orderly and disorderly, takes to the timber.

Milwaukee Journal: The story that the La Follette men would like

to renominate the whole state ticket has hardly the merit of being plausible, when one considers all the surroundings.

Hartford Press: The Whitehead petition was circulated here this week and received numerous signatures. No republican asked to sign has refused to do so.

OFFICIAL OPPOSITION.

About the only opposition to Whitehead's selection as a candidate for governor before a state convention, comes from the state employees kept in office at public expense by Governor La Follette. These men are supposed to have official duties to perform, but according to reports, their time is most fully taken up in traveling about the state attempting to disparage the candidacy of Senator Whitehead. The republicans of Wisconsin will not be deceived by these methods. Not one word of criticism can justly be lodged against the public record of Senator Whitehead. He has worked for and supported all legislation for the best interests and benefit of the people. There is nothing experimental about him; for he publicly gives the voters of Wisconsin an opportunity to know where he stands. With an exemplary character to back him, and as an honest, able man, the efforts of the over-worked game wardens and other state officials will fail of success.—Monroe Sentinel.

VALUE OF SOUTHERN SERMONS

Rev'd W. P. Hines, pastor of a church at Portsmouth, had the misfortune to lose a grip containing 202 sermons of ancient and modern vintage. The piece of baggage containing the valuable lot of manuscript was checked on a southern railroad. The reverend gentleman still has the check but the grip has gone astray.

Whether the sermons were so full of fire as to cause spontaneous combustion or not, may never be known. The railroad company is asked to reimburse the clergyman for lost effort and is willing to do so, at some valuation that may seem fair.

A committee of three brother Parsons, after conferring with Mr. Hines and being informed by him that the sermons were not so heavy as to annoy the average baggage man, decided that they were worth \$50 each.

The railroad company though the figures a little high and said that sermons in job lots of 200 should be subject to a liberal discount for cash; so the matter was referred to a distinguished board of arbitration, who after due deliberation decided that \$1.23 each was a fair valuation. The owner hardly dared to refuse and settled on that basis, he said if he refused of his laymen might be called in, and he was afraid they would knock off the dollar. When he has occasion to make another trip he will ship his sermons by freight.

Rev. Robert C. Denison conducted the services at the Milwaukee-Downer college Thursday, it being the college day of prayer.

A Wife Says:

"We have four children. With the first three I suffered almost unbearable pains from 12 to 14 hours, and had to be placed under the influence of chloroform. I used three bottles of Mother's Friend before our last child came, which is a strong, fat and healthy boy, doing my housework up to within two hours of birth, and suffered but a few hours' pains. This liniment is the grandest remedy ever made."

Mother's Friend

will do for every woman what it did for the Minnesota mother who writes the above letter. Not to use it during pregnancy is a mistake to be paid for in pain and suffering. Mother's Friend equips the patient with a strong body and clear intellect, which in turn are imparted to the child. It relaxes the muscles and allows them to expand. It relieves morning sickness and nervousness. It puts all the organs concerned in perfect condition for the final hour, so that the actual labor is short and practically painless. Danger of rising or hard breaths is altogether avoided, and recovery is merely a matter of a few days.

Marvelous Elixir of Life Discovered by Famous Doctor-Scientist That Cures Every known Ailment.

Wonderful Cures Are Effected That Seem Like Miracles Performed—

The Secret of Long Life of Olden Times Revived.

The Remedy Is Free To All Who Send Name and Address.

After years of patient study, and delving into the dusty records of the past, as well as following modern experiments in the realm of medical science, Dr. James W. Kidd, 322 First National Bank building, Fort Wayne, Ind., makes the startling announcement that he has surely

DR. JAMES WILLIAM KIDD

discovered the elixir of life. That he is able with the aid of a mysterious compound, known only to himself, produced as a result of the years he spent in searching for this precious life-giving boon, to cure any and every disease that is known to the human body. There is no doubt of the doctor's earnestness in making his claim and the remarkable cures that he is daily effecting seem to bear him out strongly. His theory which he advances is one of reason and based on sound experience in a medical practice of many years. It costs nothing to try his remarkable Elixir of Life, as he calls it, for he sends it free to anyone who is a sufferer, in sufficient quantities to convince of its ability to cure, so there is absolutely no risk to run. Some of the cures elixir does very remarkable, and but for reliable witnesses would hardly be credited. The "I have thrown away crutches and walked about after two or three trials of the remedy. The sick, sleep up home doctors, have been restored to their families and friends in perfect health. Rheumatism, neuritis, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear as by magic. Headaches, backaches, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs, or any vital organs are quickly overcome in a space of time that is simply marvellous.

Partial paralysis, locomotor ataxia, dropsy, gout, scrofula and piles are quickly and permanently removed. It purifies the entire system, blood and tissues, restores normal nerve power, circulation and a state of perfect health is produced at once. To the doctor all systems are alike and equally affected by this great Elixir of Life. Send for the remedy today. It is free to every sufferer. SMALL POX CASE IS UNDER QUARANTINE

C. Herrick, Who Resides Over De Groat's Restaurant, Suffering from a Mild Attack.

The warning of the health officer, Dr. Fifield, that everyone should see that they are vaccinated, should not be overlooked by the residents of this city.

Small pox is prevalent all over this state and several other states and many cities have a regular quarantine established. It is going to be almost an impossibility to keep it out of Janesville and any precaution the people may take to keep clear of the disease will help the health officers in fighting an epidemic.

So far this winter Janesville has been remarkably free of the disease only four cases being reported up to today. This morning Health officer, Fifield, quarantined C. Herrick, who resided over the Groat's restaurant on South Main street, and who is suffering from a mild though well-pronounced case of smallpox.

He is in the upper story of the building which has an outside stairway, and is practically isolated from all people in the adjoining buildings. There is practically no danger of the disease spreading. Dr. Fifield has established a strict quarantine and will use every effort to see that the disease does not spread from this case.

HORSES ON OIL WAGON RUN AWAY

Team Belonging to C. O. Babcock Get Away and Damaged the Outfit Somewhat.

A pair of horses belonging to C. O. Babcock, the oil man, took another run this noon and succeeded in damaging the outfit some before they were stopped. They were left standing in front of the Kent block on South Main street and were hitched with a weight while Babcock went in to deliver some oil. The wagon with Taylor's polo sign on it came down the street and the big white sign and the jangling bell inside frightened the team.

They ran up on the sidewalk, whirled around and started south at a rapid gait, dragging the weight to which they were tied behind them. When they reached south Second street they ran up onto the terrace at F. D. Kimball's residence and collided with a tree which brought them to a short stop. Some men going home to dinner rushed up and caught them before they could get a fresh start and held them until the owner arrived. About the only damage done to the outfit was a broken rear runner, the wagon being on bobs.

Business Men Attention!
Editor Gazette:—As a citizen who is interested in the welfare of our beautiful and prosperous city, I hope that our business men will act promptly in regards to the changing of terminal stations made by the Northwestern Co., which will mean a great deal to the city of Janesville. It certainly will necessitate the removal of many families and consequently there will be many vacant houses.

The clothing and dry goods houses, as well as grocers, wood and coal dealers, also meat markets, and many other places of business will be greatly affected.

The city so recently gave bonds for \$40,000 in exchange for flattering propositions and promises made by the Northwestern Co., which failed to materialize with the exceptions of a few passes to our business men, as an act of courtesy to hush up the matter.

We also have the "unrestricted privilege of a glimpse of the forty thousand dollar limited as it passes through the city. That change caused the removal of a number of families. But this will mean a far greater number if it is allowed to go unchecked.

There are also other things which will follow that will make our thriving city simply a way station, so far as the Northwestern Co. are concerned. Is it not time to call a halt? Shippers and business men it is in your power when making shipments to ignore the Northwestern road as well as it is for them to "side track us."

AN INDIGNANT CITIZEN.

You will find that we are in the front ranks when it comes to the latest patterns in embroidery. We invite you to call and inspect this complete line we are showing. Bort, Bailey & Co.

The entertainment on the People's Lecture Course which comes on Monday evening next promises to be as attractive a one as ever has been placed on this popular course. Certainly the talent could not be improved upon.

Look out for three men who are going about the country selling silk. After they get your money and get away another gang comes along and claims the goods were stolen. It is an old game and people should not allow themselves to be caught by these men.

The inclement weather of the forepart of the week placed a number of the teachers in the city schools on the sick list with severe colds. Miss Kittie Crowley, of the Washington school has been confined to her home for a week and Miss Jennie Patterson was compelled to abandon her duties on Friday. Miss Amy Bowles and Miss March Jackson are acting as substitutes.

One of the most attractive entertainments ever put on the People's Lecture Course is the one which appears on Monday evening next when Mrs. Isabel Garghill Beecher is the attraction. Mrs. Beecher has reached the very summit of her profession and is regarded by competent critics to be the most natural interpreter of human nature on the platform today.

Miss Ada Brandt very pleasantly entertained the Habeker High King club at the home of Mr. and Mrs. Herman Cramer on Center avenue last evening. The evenings enjoyment was commenced with a lavish supper at 6:30 o'clock after which the time was spent at the club's favorite game.

The next attraction on the People's Lecture Course comes on Monday evening next when Mrs. Isabel Garghill Beecher is the attraction. Mrs. Beecher will give one of her interpretive recitals and those of our people who were fortunate enough to hear her at the Delavan assembly last summer are very loud in their praise of her.

Isabel Garghill Beecher gives one of her interpretive recitals on the People's Lecture Course on Monday evening next, and it is being looked forward to with the keenest anticipation by those who have heard Mrs. Beecher and know her talent. The management of the People's Lecture Course have wanted to get her for several years, but have never been able to do so till this year.

The case of the state of Wisconsin against Gordon Young, for assault and battery on his grandmother, was called in the municipal court this afternoon. J. J. Cunningham, for the defense, made a motion that the plaintiff file security for costs, for the reason that there was no grounds for the complaint. After listening to the arguments of Mr. Cunningham for the defendant, and H. L. Maxfield for the plaintiff, the judge overruled the motion, and set the case for trial on Monday, Feb. 3, at 10 a. m.

NO ARGUMENT NEEDED.

Every Sufferer from Catarrh Knows that Salves, Lotions, Washes, Sprays and Douches do not cure. Powders, lotions, salves, sprays and inhalers cannot really cure Catarrh, because this disease is a blood disease and local applications, if they ac-

complish anything at all, simply give transient relief.

The catarrhical poison is in the blood and the mucous membrane of the nose, throat and trachea tries to relieve the system by secreting large quantities of mucus, the discharge sometimes closing the nostrils, dropping into the throat, causing deafness by closing the Eustachian tubes, and after a time causing catarrh of stomach or serious throat and lung trouble.

A remedy to really cure catarrh must be an internal remedy which will cleanse the blood from catarrhical poison and remove the fever and congestion from the mucous membrane. The best and most modern remedies for this purpose are antiseptics, Quinine, Eucalyptol, Gualacol, Sanguinaria and Hydrastin, and while each of these have been successfully used separately, yet it has been difficult to get them all combined in one form.

The manufacturers of the new catarrh cure, Stuart's Catarrh Tablets, have succeeded admirably in accomplishing this result. They are large, pleasant tasting lozenges, to be dissolved in the mouth, thus reaching every part of the mucous membrane of the throat and finally the stomach.

Unlike many catarrh remedies, Stuart's Catarrh Tablets contain no cocaine, opiate or any injurious drug whatever and are equally beneficial for little children and adults.

Mr. C. R. Reinbrant of Rochester, N. Y., says: "I know of few people who have suffered as much as I from catarrh of the head, throat and stomach. I used sprays, inhalers and powders for months at a time with only slight relief, and had no hope of cure. I had not the means to make a change of climate, which seemed my only chance of cure."

"Last spring I read an account of some remarkable cures made by Stuart's Catarrh Tablets and promptly bought a 50c box from my druggist and obtained such positive benefit from that one package that I continued to use them daily until I now consider myself entirely free from the disgusting annoyances of catarrh; my head is clear, my digestion all I could ask, and my hearing, which had begun to fail as a result of the catarrh, has greatly improved until I feel I can hear as well as ever. They are a household necessity in my family."

Stuart's Catarrh Tablets are sold by druggists at 50 cents for complete treatment and for convenience, safety and prompt results they are undoubtedly the long look for catarrh cure.

GROWERS STILL HOLDING BACK

They Are Not Disposed to Grant Any Concessions in Price—Week's Tobacco News.

The business of moving the 1901 crop in the southern growing sections is pretty well tied up at the present writing. Some riding is being done in many localities but the amount of trading effected is decreasing. The growers are not disposed as yet to grant much concession in price, while on the other hand the buyers are unwilling to pay the figures demanded. So long as these conditions remain there is little hope of any general movement. A few sales only at about former quotations have come to notice.

The market for old leaf is uneven, but a few transactions among local dealers have taken place, but the bulk of business is confined to small lots to manufacturers. J. Friedman & Co. of Chicago, have added to their already large holding of 1900 by the recent purchase of 3000s from McIntosh Bros. E. C. Hopkins sold 100cs of '99 to a Philadelphia firm this week. The shipments out of storage in this market reach a total of 11 car loads, 525 cases from this station to all points for the week past. 600cs of cigar leaf were exported from New York since last report.—Edgerton Report.

AMUSEMENT NOTES.

The Howard-Dorset company, of which Mr. George B. Howard and Miss Flora Dorset are the bright particular stars, open a five nights engagement Monday, Feb. 3. The engagement opens Monday night and closes Saturday night, laying off Wednesday night. This is the first visit to this city of this organization, but their reputation has preceded them here and a most excellent business is expected during this engagement. The people's prices will prevail: 10, 20, 30 cents. Vaudeville between acts. As an opening bill Oliver Donat Byron's greatest comedy-drama success "The Plunger" will be presented, when a lady will be admitted free if accompanied by a person with a paid 30 cent seat. If reserved prior to seven o'clock Monday evening. The advance sale starts Saturday morning.

"Follow on." "When We Were Married." "In Far Cohoes." Wine Woman and Song" and other popular musical numbers of the famous international success, "The Bell of New York" will be heard once more at the Myers Grand on February 11. The "Belle's" songs still lead in popularity at the music stores. The sales are said to exceed those of all the other musical comedies combined.

Among the books of the day there are few that we would waste our time over for a second reading. The same idea prevails in regard to our modern plays, with "When We Were Married" as a marked exception. This great comedy which is to be presented here at the Myers Grand on Monday, Feb. 17, has one fair auditor who attended the performance at the Knickerbocker Theatre in New York City.

For an engagement of only one night, Wednesday night, Feb. 5 "The County Fair" is certainly an extremely sprightly and originally interesting play. It is an American comedy, purely so, and is built on the broadest principles of American merriment and such enough of the pathetic and serious is entwined into the fabric to provide lights and shadows to its action. The scenery and stage settings, and in fact everything used, are thoroughly in accord with the excellence of the previous production made some years ago. The realistic and sensational features are as excellent as ever. The race scene presents a number of horses that run 3-4 of a mile at top speed in full view of the audience. The presentation is in every respect a capital one.

The claim of other cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonial of Mr. G. D. Glass, an employe of Bartlett & Dennis Co., Gardner, Me. He says: "I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I heard of without permanent help, until one day I was in the drug store of Mr. Houlehan and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by this remedy, and have since always turned to it when I got a cold, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines." For sale by People's Drug Store and King's Pharmacy.

Should be Pitied — Not Blamed — Men Don't Understand How They Suffer When They Cry, "Oh, Don't Speak to Me."

All manner of extravagant expressions are possible when a woman's nerves are overwrought.

The spasm at the top of the wind pipe or bronchial tubes, "ball rising in the throat," violent beating of the heart, laughing and crying by turns, muscular spasms (throwing the arms about), frightened by the most insignificant occurrences—are all symptoms of a hysterical condition and serious derangement of the female organs.

Any female complaint may produce hysterics, which must be regarded as a symptom only. The cause, however, yields quickly to Lydia E. Pinkham's Vegetable Compound, which acts at once upon the organ afflicted and the nerve centres, dispelling effectually all those distressing symptoms.

Mrs. Lewis Says: "I Feel Like a New Person, Physically and Mentally."

"DEAR MRS. PINKHAM:—I wish to speak a good word for Lydia E. Pinkham's Vegetable Compound. For years I had ovarian trouble and suffered everything from nervousness, severe headache, and pain in back and abdomen. I had consulted different physicians, but decided to try your medicine, and I soon found it was giving me much relief. I continued its use and now am feeling like a new person, physically and mentally, and am glad to add one more testimonial to the value of your remedy."—Mrs. M. H. Lewis, 2103 Valentine Ave., Tremont, New York, N.Y.

Writing to Mrs. Pinkham is the quickest and surest way to get the right advice about all female troubles. Her address is Lynn, Mass. She advises women free. Following is an instance:

Mrs. Haven's First Letter to Mrs. Pinkham.

"DEAR MRS. PINKHAM:—I would like your advice in regard to my troubles. I suffer every month at time of menstruation, and flow so much, and for so long that I become very weak, also get very dizzy. I am troubled with a discharge before and after menses, have pains in ovaries so bad sometimes that I can hardly get around, have sore feeling in lower part of bowels, pain in back, bearing-down feeling, a desire to pass urine frequently, with pains in passing it; have leucorrhoea, headache, fainting spells, and sometimes have hysteria. My blood is not in good condition. Hoping to hear from you, I am, Mrs. EMMA HAVEN, 2509 South Ave., Council Bluffs, Iowa." (June 3, 1899.)

Mrs. Haven's Second Letter.

"DEAR MRS. PINKHAM:—I wish to express my gratitude for what you have done for me. I suffered for four years with womb troubles. Every month I flowed very badly. I got so bad that I could hardly do my work. Was obliged to sit or lie down most of the time. I doctored for a long time, but obtained no relief. I began using your remedies—Lydia E. Pinkham's Vegetable Compound, Blood Purifier, Sanative Wash and Liver Pills—and now feel like a new woman."—Mrs. EMMA HAVEN, 2509 South Ave., Council Bluffs, Iowa. (Feb. 1, 1900.)

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

QUITE A SCRAP.

The Madison Journal is panic stricken. At the mere suggestion

that Judge N. S. Gilson of Fond du Lac may be the democratic candidate for governor. It comes out with a triple lead editorial urging the stalwarts and half-bred republicans to get together right away quick, lest the party go to the demerolition how-ows. The Journal should calm itself. It should not judge all republicans by those in Dane county, who, under the leadership of Mr. La Follette, knifed Gov. Scofield in the campaign of 1898. Happily all men are not governed by a rule or ruin policy. There is quite a scrap going on in the party, it is true, but after the nomination is made it is not likely there will be such a wide disaffection as to allow the democrats overcome a majority of 100,000. At least there has been no suggestion of a bolt, under any possible conditions, from those republicans who do not believe that Mr. La Follette is the only man in the state who is capable of holding the office of governor.—Stevens Point Journal.

MILTON AVENUE JOTS.

Messrs. J. B. Smith and Rudolph Cummings spent Sunday in this vicinity.

Feast of St. Blase Monday

In all of the Catholic churches the feast of St. Blase will be celebrated on Monday, when the act of blessing the throats of the members of the congregations will be performed. This custom grows out of an incident in the life of the Saint who was attributed the possession of miraculous powers. At one time he was thrown into prison and hundreds of the sick were brought to him and cured. Among these, was a boy who had a fish bone lodged in his throat. In such a way that it could not be extricated. St. Blase made the sign of the cross over the youth and he was immediately healed. In consequence of this the saint is appealed to in throat troubles.

It is a great affliction for a woman to have her face disfigured by pimples or any form of eruptive disease. It makes her morbid and sensitive, and robs her of social enjoyment. Disfiguring eruptions are caused by impure blood, and are entirely cured by the great blood-purifying medicine—Dr. Pierce's Golden Medical Discovery. It removes from the blood the poisonous impurities which cause disease. It perfectly and permanently cures scrofulous sores, eczema, tetter, boils, pimples and other eruptive diseases which are caused by the blood's impurity. It increases the action of the blood-making glands and thus increases the supply of pure rich blood.

"For about one year and a half my face was very badly broken out," writes Miss Carrie Adams, of 116 West Main Street, Battleground, N. H. "I spent a great deal of money with doctors and for different kinds of medicine, but received no benefit. At last I read one of your advertisements in a paper, and obtained a bottle of Dr. Pierce's Golden Medical Discovery. Before I had taken one bottle of this medicine I noticed a change, and after taking three bottles I was entirely cured. I can well recommend Dr. Pierce's Golden Medical Discovery to any one similarly afflicted."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

The People's Common Sense Medical Adviser, a book containing 1008 pages, is given away. Send 21 one-cent stamps for expense of mailing only, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

CONSTIPATION SICK HEADACHE INDIGESTION NERVOUSNESS

All diseases are more or less comprised in the above four ailments, all of which have their origin in the Stomach. To cure each, any or all of them, begin right. Begin with Laxakola, the great tonic laxative. It speeds and painlessly acts on the bowels, cleanses the stomach, stimulates the liver, corrects the kidneys, allays nervousness, aids digestion, while its marvelous tonic properties tone up the system while curing it, and speedily causes a natural and permanent condition of health. Laxakola is the best Children's remedy in the world, and the only one that builds up the children's systems while acting as an all-around blood-purifier and tonic. It speeds the tongue, checks colds and simple fevers, and promotes sleep. Children like it and ask for it. Mothers are its greatest friends; they use it and recommend it. All druggists, 25 and 50 cents, or free sample of The LAXAKOLA Company, 132 Nassau Street, New York.

Pleasant Dancing Party

A pleasant clench and dancing party was held last evening at the home of Mrs. K. Branks, 54 Glenn street. Cards and music furnished the amusement for the evening. About twenty-five couples were present and all had an enjoyable time. The first prizes in the chess games were won by Mrs. Thomas Abbott and Mrs. Jas. McGinley. The booby prizes going to Will McGinley and Mrs. J. Flinn. One of the pleasant features of the evening was the mandolin and guitar duet by Miss J. Brogan and Master Branks, who also furnished the music for the dance. Refreshments were served and enjoyed by all.

Miss Beatrice Preller left this morning for a visit in Chicago.
